The position of Board director is a job of great import because it impacts, not just the current membership, but the generations to come as well. The path they follow, together with the current Board of Directors, will have effects far beyond what we can measure.

We wish to express our sincere appreciation for their willingness to serve on the Board and fulfill its concomitant duties. The fact that they do all that voluntarily, as do all those who serve with no expectation of reward, other than personal satisfaction and the gratitude of many, makes their efforts all the more admirable. We have no doubt that they will serve with great wisdom, insight and distinction. With their enthusiastic participation and invaluable help, the FAAP will surely continue to thrive.

We look forward to their induction together with the incoming President, Teodora G. Schipper, and the incoming officers of the YFAP at the Induction Ball on Saturday, October 18, 2008 at the Westin Convention Center.

CONGRATULATIONS EVERYONE! MABUHAY ANG FAAP!!!
